Multiple Injuries in
3 Separate Accidents
Sends Crash Toll Up

Multiple-injury accidents in which three persons were hurt in each of three separate accidents sent the Quad-City's weekend traffic toll to 16 persons injured in a total of 29 area mishaps.

Three persons were injured when an auto driven by James E. Hotz, 36, of 2401 Kirkpatrick Homes, collided head-on with another driven by Alex March, 52, of St. Louis, at 10:30 p.m. Thursday on Route 162 two-tenths of a mile west of Route 35. Hotz said he was passing another auto and then did not remember anything.

The drivers and a passenger in the March car, James Banks, 28, of 908 Jackson street, West Madison, were admitted to St. Elizabeth Hospital where they were in fair condition.

Hotz suffered a lacerated right forearm, and x-rays were taken. The Banks woman had x-rays of spine, March suffered a laceration to the forehead, requiring 10 sutures, and x-rays were taken.

Three St. Louis men were treated at St. Elizabeth Hospital and then transferred to St. Louis hospitals early Saturday morning after their car went out of control and crashed into a tree at Edwardsville road and McCambridge avenue in Madison, police reported.

Macy was treated at St. Elizabeth Hospital for contusions to the left knee and right cheek, x-rayed and transferred to Incarnate Hospital, St. Louis. Thiel was treated for a two-inch cut to the left elbow, a cut to the left leg, was x-rayed and transferred to Lutheran Hospital, St. Louis.

SIU Board Oks More Classrooms At SIU-SW

New Construction
On Three Campuses
To Total \$27,646,400

Interim lease arrangements with the Illinois Building Authority to permit financing of \$27,646,400 in building projects — \$14,226,200 of it on the Southwest campus — were approved by the Southern Illinois University board of trustees in regular meeting Friday.

The board, which met in the president's office of the Southwest campus, noted that the agreements cover construction of five separate projects which have been declared "in the public interest" by the Illinois General Assembly.

Under provisions of the Illinois Building Authority Act, the projects would be built by the authority, financed by bond sales and leased to the University. The agreements are used to retire the bonds.

Construction involved in the program includes \$14,226,200 on the Southwest campus, \$12,403,200 on the Carbondale campus and a \$795,000 power plant project for the Southern Acres campus.

Two Projects Planned

Southwestern campus projects, the board said, include phase I of a classroom and office building for the business division at an estimated cost of \$7,742,250, and phase I of an education division classroom and office building at an estimated cost of \$6,225,950.

Carbondale campus construction would include an advanced physical sciences building at a cost of \$7,415,200 and a general classroom building to cost \$4,988,000.

Pontoon Village Police May be Paid, Full-Time

Changing the present Pontoon Beach 15-man police force from a volunteer operation on to a fulltime paid basis was proposed Thursday night by Village President Thomas Staicoff at a meeting of the village board of trustees.

The Pontoon official said he learned at a recent meeting of Madison county mayors and police chiefs that the village "stands an excellent chance of qualifying for a federal grant, conceivably paying up to 60% of the total cost for a fulltime police department."

Staicoff said that information about the federal funding program came from a representative of the Western Illinois Metropolitan Area Planning Commission attending the meeting, who said the village appears to have all the necessary qualifications to become eligible for a federal grant, available through the recently enacted "Safe Streets Act."

Village is Growing

Noting that the present 15-man volunteer force provides "good service to our community," Staicoff pointed out, however, "there is always room for improvement in any program. The village population has grown and our boundaries have expanded considerably since the first residents volunteered to patrol the area."

In other action during the 30-minute meeting Thursday, trustees approved the appointment of Mrs. Harold (Rosemary) McBride, 4116 South drive, as a juvenile officer to work with the police department. She replaces a former resident who recently left the community.

Staicoff also recommended that, idle funds in village accounts be invested in time deposits or treasury certificates, enabling the village to benefit from earned interest.

Formal action on both the police changeover and investment proposals was deferred until further investigations are made into both issues, the village officer said.

Annual Meetings

The annual council business meeting, for institutional representatives and council members-at-large only, was set for 6:30 p.m. Jan. 22 at SIU-SW. Officers for 1970 will be elected, and the past year will be reviewed. Henry D. Karandjoff heads the nominating committee.

Scouters and their wives will be honored at the annual council appreciation dinner at 6:30 p.m. Feb. 7 at SIU-SW. Service to boyhood will be recognized, and awards including the "silver beaver" will be presented. Floyd McCracken is serving as silver beaver committee chairman.

It was noted that Richard Seigner of the Kickapoo district is one of 134 scouts nationally.

Bandit Strikes Gas Attendant In \$200 Robbery

\$52 Armed Robbery
At Truck Stop; 15
Other Area Thefts

Troy Howell, an attendant at Clark's service station, 20th street and Madison avenue, was robbed of about \$200 by a bandit who struck him on the head with a hard object and left him unconscious, it was reported at 3:35 a.m. Friday.

He said the man, who appeared to be holding a gun in his pocket, was a Negro, about 5 feet, 10 inches tall, weighing 160 pounds and wearing a black trench coat and black and maroon checked trousers. The money was taken from a drawer.

Truck Stop Is Robbed
An armed bandit masked with a stocking over his face robbed the Busy Bee Truck Stop at Routes 162 and 111 about 12:30 a.m. Friday, escaping with about \$53 which he took from the cash drawer.

A patron, Loren Madison, told sheriff's deputies the man entered from the rear door and held a gun on three persons sitting at a table, including Vivian Hughes of Granite City, a waitress at the restaurant.

He ordered the waitress to go to the cash register and hand him the drawer. When she did so, he reached into the drawer with his left hand and scooped up the bills, remarking that "you can keep your change."

As he left, Madison told deputies, the bandit told them he was a partner with high-powered rifle in a car outside and that he would "shoot at the first wrong move."

'White Light' Bandits Shoot Victim 3 Times

Two Missouri men were robbed and one of them was shot three times and seriously wounded by two gunmen who stopped the victims' car on South Fourth street near Granite City street in Venice about 4 a.m. Saturday.

Venice police said Frank Karpowicz, 28, Hazelwood, Mo., was uninjured by the bandits but was forced to give up his wallet containing \$27.

Police said Karpowicz made a report of the holdup to Venice officers and then remarked: "I'm sorry, but I've been shot."

Officers then learned he had been wounded in both legs and an ambulance was called.

Flashing Light on Car

According to the victims, Karpowicz was driving north on Route 3 from Brooklyn and had just entered Venice on South Fourth street when a car pulled up behind them and turned on a flashing white light.

Karpowicz said he thought it was a police car and pulled over. As he did so the other car stopped and two men jumped out, both armed with small caliber revolvers.

Liedtke remained in the car but Karpowicz got out on the driver's side and asked what the men wanted.

He told police the armed bandits said, "We want to see your wallets." Karpowicz said he replied that they weren't "showing you anything," and then he saw scuffling with one of the bandits who fired his gun four times.

Meanwhile, the victims told police, the other bandit went around to the passenger side of Karpowicz's car, held a gun on Liedtke and forced him to hand over his wallet.

The bandits then got in their car and drove away toward Brooklyn.

East St. Louis police reported to Venice police that a similar holdup, without shooting, had been staged in the vicinity of Cahokia Downs racetrack.

The victim, A. H. Adams of East St. Louis, was stopped by the bandit pair in an auto with a flashing white light. He also thought he was being stopped by police.

City Sued Over 5-Ton Limit on Circle Drive

An injunction suit to enjoin the city of Granite City from enforcing a five-ton load limit on Circle drive was filed Thursday in Madison county circuit court.

Reeves Concrete Products Inc. and Reeves Red-E-Mix Concrete Inc., located at 2801 Circle drive, claims the city ordinance deprives the firm of access to Circle drive and from access to public streets from their place of business, constituting irreparable injury and an improper and unlawful interference with their business.

The complaint claims the load limit ordinance is void as it is arbitrary, unreasonable and capricious use of municipal power.

Reeves asks that the city be restrained from any enforcement of the ordinance insofar as it pertains to the firm, that it be declared void and of no effect, and that it be declared unconstitutional. The firm also asks that the city pay the court costs.

Venice Police Arrest Three in Assault Case

Three youths were booked by Venice police on charges of disorderly conduct and assault on a minor, and three girl companions, two of the juveniles, were booked as witnesses last night after two boys were beaten in separate incidents police reported.

Officers said they arrested Jeffrey M. Jackson, 18, of 5 East Gate drive; Wayne Thomas Farrington, 17, of 3967 Lake street; and Edward Arnold Bench, 18, of 18 Tulp lane. Their three girl companions, 14, 15 and 17 years old, all sisters, were booked as witnesses and then released to their father.

Police said they received a report that three boys walking along Washington avenue near Seventh street in Venice had been stopped by the trio and one of the boys, Lawrence Clifford Caruso, 14, of 1259 Oriole street, had been beaten by Jackson. The car containing Jackson, Farrington and Bench was intercepted shortly before 8 p.m. by Madison police.

Venice police said the girls told them that they and the three youths they were with saw the three other boys walking on Washington avenue and that Bench, who was driving, stopped the car. Jackson got out of the car and began beating Caruso, police said. They were told. The two boys with Caruso fled and reported the incident to police.

Officers said they learned the group in the car then went to the Venice homes where they called Donnie Soden, 17, outside to the parking area, where he was beaten and kicked. Soden also reported the attack to police.

Career Training Open With Army Engineers

Young men interested in becoming a part of the construction industry can find his beginning in the construction and utilities career group of the United States Army—the Corps of Engineers, the local recruiting sergeant said today.

A new soldier who has been accepted for this enlistment option is eligible for a variety of fields including carpentry, structure specialist, heating and venting specialist, plumber, refrigeration specialist or water supply specialist. "All of these military jobs lead to interesting assignments in the Army and to worthwhile careers in civil life for those who do not plan to remain in service," the recruiter stressed.

The new trainee begins his career under the supervision of an experienced noncommissioned officer who teaches him the basic skills needed in his particular field. As he gains in depth of experience, the trainee is eligible to attend school courses, gain more job knowledge and then undertake the training job himself.

Further information concerning the construction and utilities career group may be obtained from Sgt. Morris L. Cook, Granite City Army recruiter at 1206 Niedringhaus avenue.

IPC Backs Research In Pollution Control

Illinois Power Co. is one of 16 electric utilities participating in a \$7 million research program to develop an advanced air pollution control system for power plants, Wendell J. Kelley, company president, announced today.

The utilities will contribute financial support to the program to be carried out by Babcock & Wilcox Co., a leading supplier in power generation equipment, and Esso Research & Engineering Co., the principal technical affiliate of Standard Oil Co. of New Jersey.

The goal of the program is to develop a commercial system to eliminate 90% of the solid pollutants and 90% of the gaseous sulphur oxides from the exhaust of power plant boilers. A material developed by Esso would absorb sulphur dioxide from boiler gases and releases the pollutant to a sulphur recovery unit where it can be used as marketable sulphuric acid.

The research task force has been studying and evaluating the process for more than two years, and a development schedule leading to commercial availability in 1973 has been established.

Transfer of 'House' Ok'd by SIU Board

A resolution authorizing the conveyance of SIU's controversial "University House" on the Carbondale campus to the newly-formed Southern Illinois University Foundation was approved by the SIU Board of Trustees Friday, clearing the way for acceptance of a \$1 million grant by a Chicago business man to guarantee completion of the house.

University House came into the public view about a month ago when it was revealed the structure, planned as a home for SIU President Deloye Morris and a guest facility for university visitors, was being built without authorization by the Higher Board of Education and that its total cost, with furnishings, would approach \$1 million dollars.

As the result of subsequent hearings in which the Higher Board criticized SIU action in building the house and using non-restricted funds, W. Clement Stone, Chicago business executive, donated \$1 million in insurance stock to allow funding of the structure. The Southern Illinois University Foundation was created as a not-for-profit corporation to permit the funding operation.

Option To Resume Title
The resolution approved by the board in its regular meeting at the Southwestern campus Friday provides for reservation of a perpetual option to resume title to any portion of the tract which subsequently may be required by the university or the state, upon repayment of the same amount of money that is invested in the property by the foundation at the time of acquisition and through later improvements.

The resolution also authorizes use of the facility by Southern Illinois University at no cost to the board of trustees or to the state of Illinois.

The resolution also authorized the board chairman and secretary to execute the agreements, deeds and other documents necessary to the conveyance and provided that "the name of the donor be formally ascribed to this Foundation property in an appropriate manner in conformity with the sound discretion of the Foundation board of directors."

In related action, the board authorized its special committee named last week to seek potential candidates for the newly-created post of University director to employ outside legal

counsel and the services of a national management consulting firm which "could give advice to the Board of Trustees on a broad and comprehensive basis of fiscal policies and procedures which would be attuned to the unprecedented growth of the university in practically every aspect."

Seek Consulting Aid
Melvin Lockhart, Mattson, member of the four-man committee along with Ivan Elliott, Dr. Martin Van Brown and Eugene Simmons, suggested the committee be given authority to employ a management consulting firm because such an agency "together with the board committee and with appropriate faculty and administrative personnel could review the operation and fiscal management of the university." He said such studies would "preclude the establishment for the present of any new positions."

The committee is to meet for further discussion of the board's action in creating the new University director post, although board members in Friday's meeting indicated employment of such a director may be in the distant future. That meeting will be held in Mattson on the night of Dec. 3, the day following a scheduled meeting of the

Bi-County Parents to Meet at Belleville

The Bi-County Parents for Deaf and Hard of Hearing Children will meet at 7:30 p.m. tomorrow at Union School, 20 South 27th street, Belleville, it was announced today by Steve Gargac of Granite City, president.

Gargac said two color movies will be shown during the program. One, a Best Case film, deals with problems of a deaf child and the second, an Alexander Graham Bell movie, "Voices of the Future," concerns the importance of oral education.

The Bi-County group president will present a report, detailing proposals and issues discussed at a recent meeting of the Illinois Parents group at Chicago. A business session and social hour, with refreshments, will follow. Those attending the meeting are asked to use the front entrance of the old building, where directions will be given to the auditorium, Gargac said.

Auto Collision

Involved in a collision at the Jell Avenue driveway at Belleville Village shopping center Saturday morning were autos driven by Charles Downs, Rural Route Two, and Samuel Brayfield, 2605 East 28th street.

Conduct Charge

A charge of disorderly conduct was placed against Mary Piger, 42, of 3108 Jell Avenue, who was charged at the Kroger market. She was released on \$25 bond.

From Both Campuses

Creation of the advisory committee was approved by the Higher Board in October. Recommendations for the appointments will be made to the president by the Chancellors of the Southwestern and Carbondale campuses, with one representative and one alternate to come from each campus.

Easements for the underground telephone cable system on the Southwestern campus and for replacement of pole lines with underground phone cable on a portion of the Carbondale campus were granted by the board.

The Southwestern campus easement was granted to the American Telephone and Telegraph Co. and covers service for the entire campus. The Carbondale easement was approved for the General Telephone Co. of Illinois and provides for replacement of a pole system serving the Black Walnut Research Laboratory on the western part of the campus with an underground system.

The board clarified a question

over the number of authorized holidays for university employees by limiting the number of all holidays to eight. In an October meeting the board approved the addition of Washington's birthday as a recognized holiday effective in 1971 when the occasion is to become a Monday holiday.

Under Its Agree
When the University had provided six specific holidays and two "floating" holidays. By its October action, it provided seven specific holidays. The question then arose as to whether there still were two floating holidays or one. The board decided there now is only one floating holiday.

After approving a 25-page list of changes in the faculty and administrative payroll—mostly in new appointments and reappointments—the SIU trustees approved a four-month summer payroll totaling \$2,941,889 for faculty and administrative personnel.

The payroll covered the months of June, July, August and September and totaled \$915,356 for the Southwestern campus, and \$2,025,913 for the Carbondale campus.

SIU Board

Education and Welfare for conveyance of the site of the proposed Vocational and Technical Institute classroom and laboratory building (Southern Acres campus) also was approved by the board. The approval of HEW is required under terms by which SIU acquired the VTI property.

The board also approved temporary plans for two new academic buildings on the Carbondale campus—one of them a replacement for burned-out Old Main. Replacing Old Main will be phase II of the previously budgeted Humanities and Social Sciences Building, which is among capital projects still awaiting release by the governor.

Funds Approved

An emergency appropriation of \$4,068,000 for Old Main's replacement was approved by the legislature last summer following a June 8 fire which destroyed the landmark building. A \$5,380,000 budget request for the library addition project was recommended by the State Board of Higher Education.

In addition, the board accepted a feasibility plan by architect tests Geddes, Brecher, Qualls and Cunningham of Philadelphia providing for a future 17-story tower addition to the new library complex which would boost capacity to 2 million volumes.

The Philadelphia firm also is designing the Humanities-Social Sciences building. Board members authorized appointment of two representatives and two alternates to an ad hoc student advisory committee for the Illinois Board of Higher Education. The appointments will be made by SIU President Deloye Morris.

MR. AND MRS. J. WARREN WYATT. Suburban Baptist Church was the scene of their wedding Saturday afternoon.

Wyatt-Pickard Nuptials At Suburban Baptist Church

In an afternoon ceremony taking place Saturday at Suburban Baptist Church, Miss Janet Arlene Pickard became the bride of J. Warren Wyatt.

The service was read by Rev. Wendell Garrison at 1:30 o'clock before the altar decorated with arrangements of chrysanthemums in autumn colors and greenery, and lighted with candles in brass candelabra. The bride, a teacher in the Granite City school system, is a daughter of Mr. and Mrs. Earl Pickard of Thompsonville, Ill. Mr. Wyatt's parents are Mrs. J. W. Wyatt, 2005 Ash avenue, and the late Mr. Wyatt.

Mrs. Richard Schwendemann, organist, played the wedding marches and accompanied the soloist, Miss Cheryl Cockrell, as she sang "Whither Thou Goest," "One Hand, One Heart" and the Lord's Prayer.

A floor-length gown of angel-skin tulle and re-embroidered lace was worn by the bride. The bouffant princess line gown was

style with Camelot sleeves and a scalloped, bateau neckline edged with pearls and crystals. A generous chapel train swept from the waistline in the back and a tiered veil of re-embroidered lace petals etched with crystals and pearls was secured with two Sweetheart roses.

Instead of the traditional bouquet, the bride carried a cascade of stephanotis, greenery and lace on a white Bible. Mr. Pickard gave his daughter in marriage.

Miss Betty Jackson was honor attendant, and Miss Cathleen Hornberger served as bridesmaid.

Their gowns were identical. Floor-length, they were fashioned with cream colored brocade skirts and pumpkin colored bodices with roll collars. Bronze ribbons encircled the waists and formed streamers in the back. Headpieces of matching bronze velvet held in place circular nose veils and both carried bouquets of chrysanthemums in orange, yellow and bronze shades.

Karen Rae Pickard, the bride's cousin, was flower girl. She was dressed like the older girls and carried a miniature bouquet of autumn flowers.

Kenneth Wyatt was his brother's best man, and David Schwendemann, Larry Coker and Wayne Schwendemann served as groomsmen and ushers.

For her daughter's wedding Mrs. Pickard wore a navy blue suit with white trim and a corsage of pink roses. The bridegroom's mother wore a beige and white. Her flowers were Tropicana roses.

A reception was held in the church fellowship hall following the ceremony. Mr. and Mrs. Wyatt will be at home in Granite City after a short trip.

Both young people are graduates of Southern Illinois University and the bride teaches here. Mr. Wyatt is a member of a professional staff of an international accounting firm.

Miss Joan Graf presided over the guest book. Others assisting at the reception were Miss Brenda Jackson, Mrs. Ray Pickard and Mrs. Eugene Pickard, sisters-in-law of the bride, and Mrs. Roger Ellisworth and Mrs. Roger Jenkins, college friends of the bride. The rehearsal dinner was given Friday evening at the Rose Bowl by Mr. Wyatt's mother.

Defense, Rebounding Sharp in Squad Tilt

The seniors thrashed a junior-sophomore squad 52-22 Friday evening at the Granite City high school gym. It was the first game-type action for the Warrior cagers this season.

Coach Don Deterding said of the varsity, "We didn't shoot as well as we could have. The defense was fine and we rebounded well."

The seniors scored 20 points. Jeff Boyles and Dave Melzer were the leading rebounders. Individual seniors scored: Boyles 20, Melzer 17, Gary Johnson 16, Harris 11, Tim Moore 10, Schwendeman 6 and Greg Jones, two.

Deterding said the lopsided score was not a true indication of the younger group's ability. Three of the better sophomores did not play because of injuries — Terry Ripka, Joe Wallace and Chuck Kraus.

Chiefs Divide Two

Prather Chiefs ninth graders lost 43-30 while the eighth graders won 49-40 at North of Collinsville Thursday. Chiefs' high scorers were ninth grader Marv Buckingham with nine points and eighth grader Scott Harrison with seven.

Madison Coaches' Cage Team Wins

Madison Coaches won the "Y" Men's Basketball playoff tournament, edging the YMCA team 85-84 Thursday evening.

The Coaches had a 41-40 lead at halftime. Larry Graham with 27 points and Dave Hodge's 23 aided in the win. High scorers for the YMCA team were Howard Harper and Harry Thurmond, each sinking 20 points.

Make Thanksgiving a Joy, Not Tragedy; Drive Safely

The Thanksgiving holiday is a joyous occasion for most American families, but the mounting traffic toll on the nation's highways makes it a tragedy for many hundreds every year. It was noted here today as Quad-City police officials, safety council members and city leaders called for extreme care in driving during the holiday season.

The Quad-City Safety Council warned drivers to "drive defensively whenever you are on the road during the long holiday weekend."

The council, joined by area police authorities, offered the following advice to holiday motorists:

"Schedule your trip so that you will have plenty of time and will have no need to rush."

"Obey all traffic laws and be especially defensive in your driving."

"Compensate in your driving for any weather conditions. If weather conditions become hazardous, cancel your trip."

"Use your seat belts. If you will be driving, do not drink—and vice versa. During holidays it's especially deadly."

\$250,000 Suit Filed Over Tavern Shooting

A suit for \$250,000 was filed for James Kostoff against Tom York Jr., doing business as Buzz's tavern, 1226 Madison avenue, Madison, last week in Madison county circuit court.

According to the complaint, Kostoff, then a minor, became intoxicated in the tavern and was involved in a fight during which he was shot in the left shoulder last Jan. 21.

The complaint alleges that the bullet is still embedded in the shoulder and the wound has made him totally and permanently unemployed, depriving him of large sums of money which he would have earned.

Sisters Contribute Brothers Names to Yule Mail Call

Two sisters of servicemen overseas contributed their brothers' names and addresses to today's "Yule Mail Call" list which also includes brothers from Venice and four members of the Armed Forces whose names were submitted by St. Peter United Church of Christ.

Writing from Fort Huachuca, Ariz., where she is living while her husband is serving in Vietnam, Mrs. Clarence E. Blackburn said, "My brother Sp4 Gary Jackson is in Vietnam and I am sure he would enjoy hearing from friends at home. I am not submitting my husband's address because I am happily expecting him home for Christmas."

"Thank you for providing the 'Yule Mail Call.' My husband

spent two years in Vietnam previously and he was very appreciative of the cards and packages he received from people who obtained his address from the Press-Record."

"It thrilled him to know that many people do care about our boys' servicemen," Mrs. Blackburn concluded. Sp4 Jackson is serving with the 14th Artillery in the American Division.

Submitting the name of her brother, Sp4 Maurice E. Nix, stationed with the 71st Maintenance Battalion at Bamberg, Germany, Miss Melinda L. Nix wrote the Press-Record—"I would like to say how much I, as well as all families of servicemen, do appreciate this fine service you offer subscribers. As I'm sure certain of the GI's appreciate it even more."

The Yuletide holidays. All Quad-City Armed Forces members are eligible to be listed, whether serving within the continental United States or overseas.

Readers also are reminded that packages headed for servicemen overseas, being sent via PAM (Parcel Air Mail), should be mailed before Saturday, Nov. 29.

All mail sent via regular airmail rates can be posted through Dec. 13.

Press-Record's... YULE MAIL CALL (Clip and Save)

Quad-City servicemen and women stationed around the world, whose names and addresses are being published in each issue of the Press-Record as a special pre-Christmas public service. It is suggested that readers clip-out and retain the lists as they appear.

Local residents are invited to include the servicemen on their Christmas mailing list and send greeting cards, letters or packages, thereby helping to brighten the coming holiday season for military personnel who are a way from their homes and families. Early mailing is recommended.

Madison Policemen, City Sued for \$75,000

A suit seeking \$50,000 in actual damages and \$25,000 in punitive damages was filed last week against three Madison police officers and the city of Madison for Jan. Russell Gitchie of Granite City, a minor, by his father, B. C. Gitchie, last week in Madison county circuit court.

The complaint alleges the youth was beaten by Officers William Papa, John Bridick and Ronald Graywacz on Aug. 24 in an alley behind 1011 Washington avenue, causing serious and permanent internal and external injuries which required hospitalization.

A notice of intent to file suit was read at the last meeting of the Madison city council when Mayor Stephen Maeras commented that "there is more to it than this."

Nameoki Town Board Sues Clerk Over Pay

The Nameoki town board filed suit for \$1500 against John Karlechik, former town clerk, last week in Madison county circuit court.

The complaint alleges that Karlechik was illegally paid a per diem of \$10 for attending meetings of the town board of auditors while he was on salary during two terms of office beginning in April 1961.

Cited was a state statute which provides per diem compensation of \$5 to \$12 per day for the supervisor and clerk as set by electors at the annual meeting unless other compensation has been fixed by the electors. Karlechik's salary was \$1233 during his first term and \$2500 in his second term.

A similar suit was filed recently by the town board against Harry Briggs, township supervisor. He claimed at the time that the statute applies only to Cook county.

Soccer Cougars Out Of NCAA Tourney After 4-0 Setback
Overpowered all the way, the SIU-SW Cougar soccer team suffered its first defeat of the season 4-0 to U.S. first-ranked St. Louis University Saturday in the first round of the NCAA regional tournament in St. Louis.

The Cougars, who received the tournament bid with a regular season record of 10-0-1, which gave them a No. 3 ranking among midwest teams, were held to only 10 shots at the Billiken goal, while St. Louis dominated play with 37.

John Carenza, top Cougar scorer, was effectively held by the Bills defense while the winners used two freshmen to ice the cake.

The Bills were held until seven minutes of the second period, when Jack Galmiche scored after the ball bounced off the hands of Goalie Jim Stranz.

Freshman Mike Seeray added two more goals, at 5:26 in the third period and six minutes of the fourth, and frosh Pat Leahy finished it with a 25-yard shot with three minutes left to play.

It was the first NCAA tournament for the Cougars, who now have completed three seasons of intercollegiate competition. The best scoring opportunity for the Cougars came when Carenza passed through the middle to John Delinowski, but his shot was wide.

Mental Health Boards Plan Joint Meeting

A joint meeting of the boards of the Madison County Mental Health Society Quad-Cities Center and the Madison County Community Mental Health Board is scheduled for 7:30 p.m. tomorrow in an effort to settle a controversy involving a threat by the county board to cut off tax funds for the Quad-Cities center.

The meeting, originally scheduled for tonight but postponed until tomorrow because some board members could not attend tonight's session, will be held at the Quad-Cities Center. Marshall Smith will represent the state's attorney's office.

The county board has demanded that the Quad-Cities board dismiss Jerry Staten, executive director of the Quad-Cities Center, and has threatened to seek to withhold all allocations to the center unless Staten is fired by Dec. 1. The Quad-Cities board maintains the firing is unjustified. The 1970 fund allocation for the center hinges to an extent on wording of the county budget that is adopted by the County Board of Supervisors at 10 a.m. Wednesday.

No complaints have been filed, but arrest warrants may be issued following an investigation, according to the sheriff's office.

LSD Can 'Turn Off' Its Users Permanently; Drug Causes Panic, Derangement, Accidental Deaths

(First of Five Articles)
(National Institute of Mental Health)

No drug has caused more controversy, with the possible exception of marijuana, than the strange compound known as LSD.

Is LSD dangerous? Definitely yes, says the National Institute of Mental Health, federal agency focus of a new nationwide attack on the abuse of dangerous drugs and narcotics.

Hospital and other medical studies show that LSD can cause panic, paranoia and accidental death. Reactions to taking LSD range from worry, panic and depression to severe derangement.

Days, weeks, even months after a dose of LSD has been taken, the things the user thought that he was seeing and felt may recur in his mind and make him fear he is going insane.

The physical effects LSD can produce are far from pretty.

Eye pupils dilate, hands and feet shake and tremble uncontrollably, palms turn cold and sweaty, the body shivers and turns chilly, goose pimples pop out, breathing is irregular. There is loss of appetite and nausea, and the pulse and heart rate rise, as does blood pressure.

LSD is short for lysergic acid diethylamide.

A man-made chemical first produced in 1938, it was accidentally discovered in 1943 to produce bizarre effects on the mind when a Swiss chemist swallowed some LSD while working in his laboratory. He had strange sensations and felt as if he were flying.

Despite LSD's "flying" start, LSD was little explored in following years as far as definitive pharmacological studies in man were concerned.

The weird compound lay around, studied by some drug researchers but ignored by most. Then the wave of famous experience seekers washed up a few years ago.

LSD became the darling of the daring. It was claimed to give you great feelings and increase many capacities, like speed and creativity.

None of this has proved out.

Airport Would Be a Boon to Madison County; Those Who Want It Built May Need to Say So

With the Illinois governor's chief transportation adviser reporting that no final site selection has been made for the metropolitan area airport proposed for this region, Madison County residents hopeful of seeing such an airport in this county may wish to make their views known to Gov. Ogilvie, whose mailing address is the Executive Mansion in Springfield.

Because both negative and positive attitudes are taken into account, Troy area opposition to a potential site in that vicinity may have caused some damage to efforts to locate a major hub airport in Madison County. Unless others speak up, their silence may incorrectly imply that the Troy group was speaking for everyone.

Disadvantages, primarily the noise problem and the loss of property from tax rolls, pale into insignificance when compared with the huge economic stimulus generated by a major national airport.

The airport itself and related commercial and industrial development might well reverse the trend which has beset the St. Louis metropolitan area, growth at a pace less than the national average. Along with its impact on the entire bi-state area, it would be a great boon to the area adjacent to the landing field itself. In fact, the entire territory between it and Lambert Airport would be likely to receive intense economic development.

Quad-City is eager to see a new airport established in Illinois to serve this region, whose awesome potential fully justifies the multi-hundred-million-dollar investment required.

Their second wish is that the Illinois site be in Madison County itself—a wish fully in accord with the need to situate the airport as closely and conveniently as possible to downtown St. Louis. The Interstate 70-260 network already in existence, contrasting with highways merely on the drawing board, in our opinion leaves this county by far the most feasible location.

'Guarantee' Empty; Supervisors Should Direct Budget Specifically to Quad-Cities Center

A footnote to the mental health finances discussed in the last issue is provided by the "guarantee" which has been reported by Granite City Supervisor Nelson Hagauer, chairman

of the Finance Committee of the County Board of Supervisors.

The supervisors are to act on the county government budget for the next year at their monthly meeting, Wednesday evening at the courthouse in Edwardsville. It contains a generally worded \$102,700 item for mental health in the Granite City area.

In discussing the budget at a press conference a few days ago, Finance Chairman Hagauer said the County Mental Health (708) Board has made no commitment to spend the appropriation or to allocate it to the Madison County Mental Health Society Quad-Cities Center at 2044 State street.

He relayed the 708 Board's comment that the Granite City clinic, if closed, is guaranteed by the 708 Board to be reopened after a maximum of two days and that a staff would be available. We have no doubt at all that this is what he was told, but there is considerable doubt that the guarantee has any meaning.

The background to the dispute is that the 708 Board wants to arbitrarily shut off county tax funds to the Quad-Cities Center unless the center board agrees to fire the executive director of the clinic. This oversteps the authority of the 708 Board, which instead should meet with the Quad-Cities Center board to set up what Hagauer added in reporting procedures and expenditure controls to them reasonable. Instead, the 708 Board seeks to "throw its weight around" in a "rule or ruin" ultimatum.

The Quad-Cities Center should be allowed to continue in operation. It should not be closed, nor should it be replaced with some sort of substitute agency. The Illinois Department of Mental Health and other informed groups have made it clear that any "guarantee" of continued services to the public would not be worth the paper it is written on.

The Madison County Board members should not be fooled by empty promises. Just any building or staff will not do; a new agency perhaps could succeed in spending the money, but not providing the kind of counseling that is essential.

The proper course by the County Board of Supervisors in its budget action Wednesday is to allocate the \$102,700 to the Quad-Cities Center which is now in existence.

Right-of-Way Acquisition Brightens Prospect for New North-South Route

City acquisition of a substantial part of the right-of-way brightens the prospect for early provision of an access route along the railroad tracks which bisect Granite City.

The addition of north-south traffic artery is badly needed, as is obvious from the continuing auto congestion here.

The highway would be harder to establish if the land near the tracks were being used with buildings and other developments. But the strip of land is not being utilized, thanks to the foresight of the various property owners, who are aware of the need and wish to place obstacles in the path of the project.

The proposed route not only would provide a convenience to drivers, but also would avoid the traffic congestion and delays along the railroad tracks, somewhat similar to State street in Madison, would limit turns to one rather than two directions, decreasing the likelihood of collisions.

Right-of-way gifts similar to those already received would dramatize the depth of public interest in better traffic flow—and would simplify the legislative steps which Granite City council members could create the new street. Such gifts also would help directly to keep the cost of the improvement at a minimum.

be minority representation from the district, but the voters have the right to redraw in 1968. Since then, he has been elected by the people. He has never been appointed by the governor except to fill a vacancy.

I have a direct personal interest in proposals to shorten the legislative process for the appointment of state officers, who are currently elected under the 1870 Constitution.

In addition to a governor, we now elect a lieutenant governor, a secretary of state, treasurer, attorney general, superintendent of public instruction, and, by no means least, an auditor of public accounts.

I'd like to limit my comment to my own office. I believe the auditor should be elected by the people, as he is today. Under no circumstance should he be appointed by the governor.

Our present governor, Richard B. Ogilvie, believes with me that the auditor should be elected independent of the governor and be checked upon the governor's office.

It might interest you to know the Constitution of 1818 originally was drawn to permit the governor to appoint the auditor.

Sp4 David E. Cremeens, 22, son of Mr. and Mrs. Edward Cremeens, 23 Meadowlark court, has been awarded the Army Commendation Medal and the First Oak Leaf Cluster in two citations for meritorious achievement in Vietnam.

A 10-month veteran of the Vietnam war, he is a radio and communications operator in headquarters of the 22nd Mechanized Infantry, 25th Infantry, and expects to leave for home on Feb. 19.

A 1967 graduate of Granite City high school, he entered the Army in July of 1968. He recently spent his rest and relaxation leave in Hawaii where he was met by his parents and sister, Brenda.

The first commendation medal was for the period May 1 to June 30, 1969, in connection with military operations against hostile forces.

The commendation reads, in part: "His outstanding performance during the cited period was a significant contribution in support of the United States effort in the Republic of Vietnam."

"He performed in a highly proficient and efficient manner, accomplishing his designated mission with exceptional results. He set an example that inspired his associates to strive for maximum achievement. His initiative, sound judgment, loyalty and will to succeed have been in the best tradition of the United States Army."

dition of the military service and reflect great credit upon himself, his unit, the 25th Infantry Division and the U. S. Army." It was signed by Maj. Gen. Ellis W. Williams, commander.

The First Oak Leaf Cluster was for meritorious achievement on Aug. 28 when his unit came in combat with the enemy, killing 30 of them. The action occurred near Da Nang, 45 miles northwest of Saigon. The commendation was signed by Maj. Gen. Harris W. Hollis, commander, in Washington, D. C. The second citation was not available.

Santa Claus Due Friday to Herald Christmas Season

Santa Claus, accompanied by his crew of green-clad elves, will arrive in the Quad-Cities Friday morning to officially launch the Christmas season and take holiday gift orders from the many hundreds of youngsters who visit him each year in his cabin at Civic Park.

The bewhiskered gentleman will make his entry into the area with a motorcade that will leave McKinley bridge at 9 a.m.

Son Arrives for Former Residents

Announcements have been received of the birth of a son Nov. 15, to Mr. and Mrs. Henry P. Barnett of Peoria, Ill., formerly of this city. The new arrival weighed seven pounds, eight and one-half ounces, and was named Bradley Aurore. He has a brother, Brian Warren, two years old.

Mrs. Barnett will be remembered as Patricia Warren, a daughter of Mr. and Mrs. James Warren, 3255 Edgewood drive, and a former teacher in the local schools.

Santa's cabin was moved into the park during the weekend and readied for the season's visits by the youngsters who wish to have their picture taken and leave their order for what they want for Christmas.

Santa's motorcade will make a scheduled stop at the Venice post office on Broadway about 9:30 a.m. Friday, a second stop at Third street and Madison avenue, in Madison, about 9:35 a.m., and then proceed to Belleme Village shopping center at 10 a.m. and Nanticoke Village shopping center at 10:30 a.m. His last stop is Sundays, Dec. 7, 14 and 21.

Scheduled Cabin Hours

Hours in which youngsters may call on Friday will be from noon until 8 p.m. Santa will be back in his cabin at 10 a.m. Saturday and will greet his youthful visitors until 6 p.m. There will be no Sunday hours this week.

Ex-Board Member Praises SIU for Progress

A former member of the Illinois Higher Board of Education and a former 16-year member of the SIU board of trustees observed today that no school over the years has been more cooperative with the Higher Board than Southern Illinois University.

John Page Wham, Centuria attorney, said the Higher Board should be trying to assist SIU now rather than threatening to discipline administrators and members of the SIU board in the controversy growing out of construction of the nearly \$1 million-dollar "University House" on the Carbondale campus.

Wham served as chairman of the SIU board for 12 of the 16 years he was a board member and was one of the SIU representatives on the Higher Board from its inception in 1951 until his retirement in 1965.

Wanted Unified Budget

Recalling the SIU assistance in working out the budget formula used by the Higher Board, Wham said that even before the Higher Board was established, SIU President Delyte Morris had attempted repeatedly to persuade other administrators to try to present to the legislature one unified budget covering all state schools, and that later Morris looked upon the idea of a Higher Board as a means of achieving unified budgets if this could not be done voluntarily.

Wham recalled the extent to which SIU had assigned top-ranking scholars to assist in producing the Higher Board's master plan, in helping to sell the idea for a statewide system of junior colleges, and in assisting later in the establishment of several junior colleges in Southern Illinois. He cited the fact that John S. Rendleman, now chancellor of the SIU-Southwestern campus, had assisted in writing the statute by which the Higher Board was created.

"With strong support from the legislature and working cooperatively with the Higher Board, SIU through President Morris and the SIU board of trustees is recognized widely for its tremendous part in effecting the economic and cultural as well as educational progress throughout the area," Wham said. "Through it all we have had criticism from outsiders for 20 years. I can't remember when the critics have been silent."

HORSEMANSHIP, displayed by Loraine Moore, 13-year-old daughter of Mr. and Mrs. Clyde Moore, 3208 Maryville road, plus her responsive mount, "Reb," earned the pair a "Grand Champion" trophy in the championship barrel races, featured at the St. Louis Firemen's Rodeo. The teenager will receive the award Saturday at the Illinois-Missouri Horse Show Association banquet in Belleville.

Henley is Leader In YMCA Campaign

Raymond Henley, a local insurance agent, earned top honors as the highest individual producer during the first week of the current YMCA membership campaign by recruiting five new "Y" members. It was announced at the drive's first report meeting Friday noon. A total of 16 new members was reported by workers.

The campaign to enlist new members in the YMCA's year-around program schedule got under way one week ago today under the leadership of Robert J. McGrath, chairman and Steve Steinko, co-chairman. The second report meeting is scheduled Wednesday and a final one on Dec. 3.

Steinko, who presided at Friday's meeting, said the 16 new memberships represent a total of 638 in dues and 1466 points. The recruitment campaign is also a contest between eight competing five-man teams, with points awarded on the basis of the type and value of each membership sold. Forest Cockrell, YMCA official explained.

The youthful rider is a daughter of Mr. and Mrs. Clyde Moore, 3208 Maryville road. Loraine's twin sister, Lois, also a keenly competitive horsewoman, received reserve champion in the junior pleasure class, riding Red Bugs Carroll, in the Ill-Mo winter circuit racing events.

Additionally, a brother to the 13-year-old twins, Donald Moore, was awarded a Grand Champion trophy earlier this year, competing in the junior

A Plea From Your Letter Carrier

SAVE OUR SERVICE

Your letter carrier is struggling against overwhelming odds.

Wages of postal workers average thousands of dollars a year less than the amount determined by the United States Bureau of Labor Statistics as necessary for a "modest but adequate" standard of living.

To reach the top step in our postal pay scale takes up to 25 years of service... a goal most postal workers never reach. Over 90% of the letter carriers never rise above level 5 of the 21 level scale.

The rate of turnover among postal workers is nearly 10 times the turnover rate among factory workers—23 per hundred compared to 28 per thousand. That costs the postal service... and the taxpayers... over \$100 million a year in locating, hiring and training new employees.

To remedy these conditions and to achieve the kind of postal service Americans want and deserve, Congress has passed a bill. That bill is HR 13000 and is about to be considered by President Nixon.

Here's what HR 13000 would do:

- Provide step increases equivalent to a 5.4% pay increase.
- Establish a Federal Wage Commission to determine future postal and federal pay scales.
- As of July 1970, provide for reaching top pay after eight years of service instead of 25, thus increasing the incentive for postal workers to stay in the postal service.

The simple fact is that postal reform begins with good postal pay.

President Nixon can take that first large step toward postal reform by signing HR 13000.

You can help by sending him the coupon at left indicating your approval.

Postal wages are not inflationary. Postal workers are the victims of inflation.

NATIONAL ASSOCIATION OF LETTER CARRIERS

BRANCH 1132 GRANITE CITY, ILLINOIS 62040

NO CORPORATION NEEDED

Postal reform is badly needed. The surest path to postal reform is through good postal pay. It cannot be achieved by turning the postal service over to a corporation that will simply put a new name on old practices. Postal reform is up to Congress. The Postal Service, however, should remain in the hands of the people through their elected representatives and not in the hands of a profit-motivated Board of Directors.

President Richard M. Nixon
The White House
Washington, D.C. 20500

Dear Mr. President:
Please sign HR 13000 and help save our postal service.

Engineer Corps Given Repair Job

Cong. Melvin Price announced last week that the U. S. Army Engineer District, St. Louis, has been requested by the Office of Emergency Planning to restore public facilities damaged by the 1969 floods in St. Clair and Madison counties.

Price said about \$1,180,000 in remedial work will be accomplished under Public Law 873, 81st Congress, which provides for the restoration to pre-flood standards of public facilities in counties declared disaster areas by the President.

Col. Edwin R. Decker, chief engineer, said that major elements of the work are indicated in Harding ditch, Goose Lake ditch, Blue Waters ditch, and the Nameoki area storm-water drainage ditch, and affected inter-connecting channels. Also included is remedial sewer work in Cahokia, Granite City and Centerville.

Cong. Price noted that Madison and St. Clair counties were declared disaster areas on Aug. 30 by President Nixon when requested by the governor of Illinois.

Rep. Price pointed out that emergency work should be the minimum work necessary to return an essential public facility to safe operating condition and temporary facilities to provide the same function of that destroyed or damaged.

Jane Buechele, Andy J. Modrusic Are Married

St. Mark's Catholic Church, Venice, was the setting for the wedding of Miss Jane Ann Buechele and Andy Joseph Modrusic Saturday at six o'clock.

White and yellow "mums decorated the altar of the church, and alternate pews were entwined with smilax and white satin bows, as were the lighted candelabra.

"On This Day" was played by the organist, Mrs. Cleta Judd, as the bride's father escorted her down the white-carpeted aisle, giving her in marriage. Rev. Terry Shea officiated at the double ring ceremony.

The bride was lovely in a Candelight gown of peau, fashioned with a scoop neckline and traditional long sleeves. White quilted floral motifs trimmed the neckline and either side of the Empire bodice. Fullness fell from the back to the hemline of the long gown.

A wedding ring band of orange blossoms set in coronet fashion secured her veil. She carried a cascade of white roses and variegated ivy centered with a detachable white rose corsage.

Mrs. Judy Modrusic, twin sister of the bride, served as matron of honor. Nick Modrusic, a cousin of the groom and brother-in-law of the bride, served as best man.

The matron of honor wore a long gown of royal blue velvet. The princess A-line gown was a scoop neckline and long sleeves. Venice lace in lighter shades of blue trimmed the

Empire waistline and sleeves, and a moss green satin bow and streamers accented the front of the gown. The skirt fell to the floor with fullness in the back and additional accents of lace.

A double bow of matching velvet adorned her hair, and she carried a bouquet of pale green Fugli "mums with a tailored bow of green velvet.

Edward Modrusic and Frank Modrusic, brothers of the groom, seated the guests. A reception was held in the parlor of the church following the ceremony.

After a wedding trip of un-announced destination, the couple will be at home to friends at 1301a Oriole street, Venice.

The bride is a daughter of Mr. and Mrs. Harold E. Buechele, 1312 Oriole street, Venice, and the groom's parents are Mr. and Mrs. John Modrusic, who reside at 921 Greenwood street, Madison.

The former Miss Buechele, a graduate of Venice high school, is employed by the Edward Jones stock exchange firm in St. Louis. The groom is a graduate of Madison high school and is employed by General Steel Industries.

The bride's mother chose a pink dress with jeweled trim around the neckline and sleeves. She wore matching accessories.

The groom's mother was at the ceremony in a red and white dress with a cymindium orchid corsage.

A gown of silk organza and Chantilly lace, trimmed with white velvet was worn by the bride. The Empire bodice of organza was covered with lace motifs and the square neckline was traced with tiny seed pearls on velvet. Three-quarter sleeves flared at the elbows with velvet trim and an A-line skirt was adorned with more of the lace motifs.

The chapel train was edged with the lace. A tired melody-length veil of imported silk illusion was secured with a forward headpiece of pearls and organza rosebuds on velvet. White "mums" tinted blue, and white roses were combined in the bride's cascade bouquet.

Wedding Held In Taunton, Mass.

The wedding of Miss Linda Silva, a daughter of Mrs. Manuel Silva of Taunton, Mass., and Elwood Besserman, a son of Paul Besserman, 1201 Washington avenue, took place Saturday morning at St. Mary's Catholic Church in Taunton.

The bridegroom was recently released from service after four years in the Navy, and the couple will make their home in Taunton.

Paul Besserman and Mr. and Mrs. Edward Besserman returned last night after attending the ceremony.

Isn't there something you'd rather do than ironing?

Or hanging up wet clothes? Or lugging clothes baskets?

A clothes dryer gives you time for other, more interesting things. It's a drum of sunshine, always at your service, day or night.

Today a dryer does more than dry clothes—it can "iron" them too. Almost every type of garment is made with permanent-press fabrics. That means you get crisply creased, wrinkle-free clothes right out of your dryer.

But note: clothing manufacturers strongly recommend that permanent-press clothes be finished in a dryer . . . not on a clothesline. Enjoy that extra time. See your appliance dealer.

'The Win Spirit's There' -- Cage Coach Tells Optimists

Enthusiastic school spirit and keen spectator interest from a successful football season, usually spills over into the basketball season and many times helps produce winning performances from a cage squad, Don Deterding, head basketball coach at Granite City high school, told Granite City Optimists Thursday.

Deterding, who shared the guest speaker's spotlight with head Football Coach Wayne Williams, addressed his remarks to the men's service club at its weekly luncheon meeting in the Rose Bowl restaurant. The head coaches were introduced by Lawrence McCauley, Optimist program chairman and local high school principal.

Expressing optimism in approaching the Warriors 1969-70 basketball season, Deterding commented, "Great things may be coming up from the team this year. Collinsville again is the team to beat, and the Kahoka's acquisition of three new players from outside the area, shouldn't hurt their squad one bit." All three newcomers are outstanding players, he added.

Noting that public participation as spectators in high school sports infuses spirit into a team and increases the chance of winning, Deterding urged Optimist members—"Support your team by attending games and showing the athletes you are behind them."

The loss, through graduation, of Gary Simpson and John VanBuskirk, both outstanding cagers last season, certainly affects the Warriors lineup this year, Coach Deterding said, but again he expressed great hopes for the 1969-70 squad which starts its season Saturday night in a home game against Springfield-Griffin.

Deterding commented that his primary concern is finding a floor leader from among the current players to replace VanBuskirk. A floor leader is a vital necessity in molding a

cohesive squad, he pointed out. Reviewing the football Warriors overall 5-3 record and 4-2 SW Conference standing, Coach Williams stated, "We have no excuse for losing those three games. We went into the contests either with a defeatist attitude or too sure of ourselves."

Singling out the final two games in which the Warriors lost a 14-13 match to Edwardsville only to be overwhelmed the following week 33-8 by Belleville, Williams commented, "maybe the boys had been reading too many good accounts of themselves."

A total of 28 variety player lettered on the GCHS football squad this year, the coach said, adding, "Everyone of them really earned their letter the hard way. Any boy can be proud to wear his football letter, he deserves it," he added.

"We anticipate a winning season again next year, Williams reported, noting that several "good" lettermen are returning and the sophomore team did well the past season.

John L. "Jerry" McDonald, Optimist president, welcomed the guests and presided during a short business meeting. Thirty members attended the luncheon.
